

INFORMATION FOR MEDICARE INELIGIBLE PATIENTS

If you are a Medicare ineligible patient, it is your responsibility to ensure you have health cover. If you do not have health cover or served your waiting period with your health fund, you will have to pay for your accommodation and clinical care. A Medicare ineligible person is any visitor who has entered the country on a visa and does not hold a Medicare card and does not fall under the classifications below.

- Hold a valid Medicare card or
- Be an Asylum Seeker/Refugee or
- Have Reciprocal Rights (see below)

Australia has Reciprocal Health Care Agreements with the following countries: Belgium, Finland, Italy, Malta, Netherlands, New Zealand, Norway, Republic of Ireland, Slovenia, Sweden and United Kingdom.

As a Medicare ineligible patient you will be required to pay costs for clinical care prior to your treatment. This includes all outpatient visits, inpatient accommodation care and diagnostic tests.

Insured ineligible patients: If you have health insurance, please check with your health insurer that you will be covered for the clinical reason that you are being admitted to hospital for.

Uninsured ineligible patients: You will be required to pay in advance for your clinical care as outlined in this document.

When attending this hospital you will be required to provide the following information:

- Passport
